RE: HOWARD HIGH SCHOOL DEMOLITION LANDFILL

Dear Mr. Miller:

After consultation with the Agency for Toxic Substance and Disease Registry, we have elected to proceed with the installation of the missing fence around the Howard High School Demolition Landfill and to delay the mitigation at the Day Care Center, the repair of the sewer pipe and the filling of some depressions on the landfill until the 1996/97 school year is completed in June, 1997.

If you have any questions or wish to discuss this matter further, please advise.

Sincerely,

A handwritten signature in cursive script, appearing to read "Jack", is written above the typed name.
